Professor: I wouldn't brag, but you asked for it, I once saw a tank, when it was a military parade

Page 5, Panel 4

Chief: They may look funny, but they are the best I know, I'm sure they can help us, I have been working with them for years now

Horokos: I suggest we go right now, take off that suit and put on something less striking

Page 6, Panel 1

They are all standing in front of Chief's house, they are looking at Horokos's small car, parked next to Chief's big Jeep.

John: It's so small and shabby, I don't think that it can drive us to the location

Chief: We are definitely going with my car, it's bigger

Page 6, Panel 2
