

Page 1, Panel 1

Justice walks in meeting room, there is few characters sitting at the table, Kade (European superhero leader), Yinlong, silver dragon like humanoid creature with gray hair, gray eyes, and a large jaw (Asian superhero leader) and Diamondhead (African superhero leader), and Greenroot tall green plant like human (leader of the heroes of Australia) there is one empty seat

Page 1, Panel 2

Kade: What is so important that we had to fly all the way here?

Justice: Because while Ardic is hurt, you represent Europe

Justice: I called you here for a reason, our intergalactic alliance will end if we don't do something

Page 1, Panel 3

Diamondhead: I guess it has something to do with empty seat

Justice: Unfortunately, you're right

Kade: I told you, I told you not to admit him to the earthly covenant

Page 1, Panel 4

Justice: I did what I had to do to keep him under control

Kade: And look what that brought to us

Justice: The situation would be the same if he were not the leader of American heroes

Page 1, Panel 5

Yinlong: We all have to stay calm now my friend, this is not something we should take lightly, if the Earth leaves the intergalactic alliance, we will be open to various concurers

Yinlong: We must maintain our friendship at all costs

Diamondhead: Who will fill in for America?

Justice: Earth Guardians are in America, we're trying to reduce the damage, so I'll be the leader of the American heroes for sometime

Page 1, Panel 6

Kade stands up

Kade: I'm sick of this, You are guarding the Earth, but we are the ones who end up cleaning up your mess

Justice: You can't blame us for this

Page 2, Panel 1

Yinlong: Our time and resources are limited, you have to understand that, but we will do everything in our power to help

Page 2, Panel 2

Yinlong: You can count on the help of Asia

Diamondhead: You can count on Africa's help too

Page 2, Panel 3

Kade: Hell, you can count on Europe's help, it's not like we have other option

Page 2, Panel 4

Greenroot: Unfortunately, don't count on Australia's help this time

Page 2, Panel 5

Justice: The danger is on a global level, we must be united

Greenroot: I'm sorry, Australia is still recovering from fires, we lost many great lives, we don't have the resources to help here

Greenroot: And I will be free to ask for your help, in the current state we can't do much

Page 2, Panel 6

Kade puts his hands over his face, as if he disappointed

Kade: I'll send an Elites team to help you for a while

Yinlogn: I cannot send my men from their positions, but I will assist you personally

Page 3, Panel 1

Justice: You will get all the help you need

Page 3, Panel 2

Justice: But remember that we united when you needed help and we will need your help in case of crisis

Greenroot: It seems like blackmail to me

Page 3, Panel 3

Kade: If you can't help when world needs it, then you shouldn't even expect help when you need it

Kade: I don't know if they taught you that in school, but Australia is part of the Earth, what is a danger to the Earth, is a danger to Australia, they will not spare you only if you say "we did not want to help, we were neutral"

Page 3, Panel 4

Greenroot: What about South America, they didn't even come to the meeting?

Justice: They were the first to agree to my proposal

Greenroot: So...

Page 3, Panel 5

Greenroot: You didn't leave me an option, you can count on Australia's help

Yinlong: Your decision will not be forgotten, you will get all possible help in rebuilding Australia

Page 3, Panel 6

Justice: I am glad that we were able to agree on this unanimously

Justice: Keep your teams ready for a possible crisis

Page 4, Panel 1

Diamondhead: Can we know more about this potential crisis?

Justice: Of course

Page 4, Panel 2

Justice: All we know about Mikars is the information we gathered from their representative on Earth, Prince Spihar, better known as War Claw, keep in mind that he was young and that older

Mikars are much stronger, firmer skin, better reflexes, better eyesight are just some of the improvements Mikars get at puberty

Page 4, Panel 3

Justice: We have six days to deliver TheSuperHero to them, otherwise we are threatened with war, King Sparax seeks revenge for his son

Kade: I don't see a problem, we'll hand over that lunatic and the end of the story

Page 4, Panel 4

Justice: We're still looking for him, Earth Guardians are working on that case

Kade: We will all send our teams, the bastard will have nowhere to hide

Justice: No, the media have scared people enough already, we must not cause panic, we will not be able to function

Page 4, Panel 5

Justice: This is our last option, but I want it to be ready just in case.

Justice: I want the doomsday protocol to be activated, we will have to remove civilians somewhere in case of an attack

Page 4, Panel 6

Greenroot: That's how far it's come?

Justice: No, but it could, I don't want to risk

Kade: The Doomsday protocol cannot accommodate so many people, only the capitals are ready

Page 5, Panel 1

Justice: I know, but that is our best option for now

Page 5, Panel 2

Diamonhead: What should we do in case of interruption of communication between us?

Justice: Defend, just defend, the lives of civilians are our priority

Page 5, Panel 3

Justice: What we are talking about now are just precautions, let's hope it doesn't get there

Page 5, Panel 4

Justice: You will get all the information the Earth Guardians have, so your teams have time to prepare for the defense

Page 6, Panel 1

Justice enters Detective Hollow's office

Page 6, Panel 2

Hollow: How was the meeting?

Justice: Bad, but I hope you have some good news

Page 6, Panel 3

Hollow: I just finished examining all the evidence, Infinite and TheSuperHero had a fight, Ildro and TheSuperHero also had a fight

Page 6, Panel 4

Justice: You think they're his hostages?

Hollow: I don't know what to think, they both fought on his side in battle, they're all sick people

Page 6, Panel 5

Hollow: But especially TheSuperHero, who is slowly dying and using healing blood to keep himself alive

Justice: What?

Hollow: We learned this from Michael, he and Devuska Komet put a Martian virus in him

Page 6, Panel 6

Justice: Did you learn anything else?

Hollow: From Mark's interrogation nothing, he's just a slipper running after his wife

Hollow: We're going to interrogate Devuska Komet tonight, we put her in solitary confinement so she can think about whether she wants to spend her whole life like that

Page 7, Panel 1

Hollow: DNA test results have arrived and as you guessed Komet's daughter is from her affair with TheSuperHero

Justice: Damn it

Page 7, Panel 2

Hollow: We can use kid to blackmail ...

Justice: No, she's just a child, she didn't choose who will be her father

Hollow: I understand

Page 7, Panel 3

Hollow: One more thing, since I'm done with all the evidence, I thought you might want this

Page 7, Panel 4

Hollow give's Emerald Trident's trident to Justice

Page 7, Panel 5

Justice: When he chose the name, he came to me, all happy, he said he would use the name and the weapon that represent our lost home

Page 7, Panel 6

Justice: He smiled and said it was his duty as the youngest Atlantean

Page 8, Panel 1

Justice: He said he was sure our parents were with him and that they were proud of both of us

Page 8, Panel 2

Justice: I knew he wasn't ready, but I didn't have the strength to tell him

Page 8, Panel 3

Justice is starting to cry

Justice: But if I did, this wouldn't happen ...

Page 8, Panel 4

Hollow returns to his human form

Hollow: I would put out my feelings with alcohol in a case like this, but I know you don't want that

Page 8, Panel 5

Hollow: Grief is a fucked up thing, it can put you in a hole with no way out, I just sink into it and destroy yourself, but when you lose yourself it's the end

Hollow: You become, for lack of a better word, a hollow, emotionless person who is just looking for something to keep him alive, some distraction that will help him get through the day

Page 8, Panel 6

Justice: Are you talking about me or you

Hollow: I'm telling you what you'll become if you fall into that hole

Hollow: And that's why I'm telling you now to come to your senses, the fate of the entire planet is on your shoulders

Page 9, Panel 1

Conscience is sitting in her office, eating a sandwich

Page 9, Panel 2

Conscience: Will you knock or wait for another ten minutes?

Page 9, Panel 3

Justice opens the door

Justice: Reading my mind?

Conscience: Your thoughts are messy, as if dozens of voices are shouting, it is impossible not to hear them

Page 9, Panel 4

Justice sits on couch

Justice: I come here to rest for few minutes

Conscience: You did not

Conscience: Wanna talk about it?

Page 9, Panel 5

Justice: You read my mind...

Conscience: No, I didn't read it, I heard it, but I didn't read it

Page 9, Panel 6

Conscience: Tell me what happened

Justice: Read, I'm giving you permission

Conscience: It's better if you tell me yourself

Page 10, Panel 1

Justice: Hollow gave me my brother's weapon earlier today, I cried, in front of him, emotions suddenly overwhelmed me

Justice: I acted unprofessionally

Page 10, Panel 2

Concises: What exactly made you cry, did the trident remind you of a certain memory, do you miss your brother?

Justice: The trident was cleaned, but I saw blood on it

Page 10, Panel 3

Conscience: Hollow told you that it was clean?

Justice: No, I know he was clean because... my hands were bloody too

Conscience: You feel guilty?

Justice: I do

Page 10, Panel 4

Conscience: Emerald was childish, but he was grown up and mature, you have nothing to do with him joining Supremes

Page 10, Panel 5

Conscience: I was his psychologist when he decided to do this job, he was firm and determined, nothing would change his decision

Page 10, Panel 6

Conscience turns her computer screen to Justice

Justice: Aren't you telling me this just because I want to hear it?

Conscience: If you don't believe me, look at what I wrote in his report years ago

Page 11, Panel 1

Justice: You shouldn't show me this ... but thank you

Page 11, Panel 2

Conscience: I see that your voices have calmed down, they are still shouting, but they are calmer

Justice: When you say voices, does that mean that I'm crazy? Because I don't hear them

Page 11, Panel 3

Conscience smiles

Conscience: You talk to yourself, make decisions, we all do that

Page 11, Panel 4

Justice: I saw your ex-husband today

Conscience: Yeah, well of course, Ardic chose him as his replacement?

Justice: He did

Page 11, Panel 5

Conscience: He still thinks the two of us are dating?

Justice: I didn't ask him, but judging by the attitude he gave me, yes

Page 11, Panel 6

Conscience: He is jealous to the maximum

Page 12, Panel 1

Conscience: But he is a good man and dedicated to his work

Page 12, Panel 2

Conscience: We failed to maintain a relationship, but don't give him a hard time because of it

Justice: Of course

Page 12, Panel 3

Justice: Whatever happened between you and him is your business, our relationship is strictly professional

Page 12, Panel 4

Conscience: What are you going to do now?

Justice: Now that I have gathered my thoughts, I will not allow injustice to happen to one man.
Thank you

Conscience: Anytime, during working hours

Page 13, Panel 1

Establishing shoot of prison

Page 13, Panel 2

Justice stands next to the guard, guard is holding Trident that Justice took from his brother,
Justice puts his hand on the scanner

Page 13, Panel 3

We see that the scanner says "Access allowed, stand still"

Page 13, Panel 4

The scanner scans Justice's face and says "Justice, leader of the Earth Guardians, representative of Atlantis, entry allowed"

Page 13, Panel 5

Justice walks in and Guards are closing doors behind him

Page 13, Panel 6

Doors are closed

Page 14, Panel 1

Hunter is sitting in his prison cell

Page 14, Panel 2

Justice: Why did you look for Komet?

Page 14, Panel 3

Hunter is just looking at him

Page 14, Panel 4

Hunter raised his thumb

Justice: you can't speak, right

Page 14, Panel 5

Justice: Nod your head if I'm right, TheSuperHero is your target, so you didn't resist arrest, because we have a common goal

Page 14, Panel 6

Hunter nods his head

Page 15, Panel 1

Justice shows trident to Hunter and Hunter stands up with shocked face

Page 15, Panel 2

Hunter nods negatively

Justice: Justice: Do you know anything about his death?

Page 15, Panel 3

Justice: Alright

Page 15, Panel 4

Justice: We scanned your mechanical parts, Michael didn't control you, but he had access to your eyes and ears

Page 15, Panel 5

Justice: Not to mention the laws you broke while looking for Komet

Page 15, Panel 6

Justice: I can't release you before the trial, but I will emphasize to the judge that you helped us with the investigation and your cooperation.

Page 16, Panel 1

Justice opens Hunters prison

Justice: But I can get you out of here

Page 16, Panel 2

Justice starts walking away

justice follow me

Page 16, Panel 3

Hunter is just looking at him

Page 16, Panel 4

Come on, I'm taking you to our safe house, which we use to protect witnesses

Page 16, Panel 5

Hunter walks towards him

Page 16, Panel 6

Justice: Because of your current situation, I can't allow ourselves to jeopardize the location of that house

Page 17, Panel 1

Hunter is lying down on surgery table, the nape of his head is open, Frontier performs the operation by pushing his hands into a device that controls smaller hands which are cutting Hunter's head open, Justice sits to the side and watches them

Page 17, Panel 2

Frontier: I have to keep you awake, I'm working on your nerves, I can't give you anesthesia

Page 17, Panel 3

Frontier: Whoever performed the first operation was sloppy, he put everything together in a hurry, it's a real miracle that you didn't fall apart

Page 17, Panel 4

Justice: Frontier, don't scare him

Frontier: I'm sorry, but it annoys me when I see this kind of work

Page 17, Panel 5

Frontier: If you do something, do it right, look at this

Page 17, Panel 6

Justice: What I am looking at?

Frontier: He ruined the poor man

Page 18, Panel 1

Frontier: The nerve endings are completely destroyed, he doesn't feel any pain or even touch

Page 18, Panel 2

Frontier: The ability to speak could easily have been preserved had this microphone not been shoved through his throat

Page 18, Panel 3

Justice: It seemed more important to Michael that he is heard instead of Hunter

Page 18, Panel 4

Frontier: Michael did this? The one Michael who suggested that mechanical parts be added to each soldier and who experimented on soldiers?

Justice: Yes, that one

Page 18, Panel 5

Frontier: I can patch him up and remove all connection to Michael, but that's the most I can do

Page 18, Panel 6

Frontier: Michael did bring him back to life, but he made a living machine out of him

Justice: Do whatever you can to help him
