Professor: What should we do!? You're a strategic guy

Page 13, Panel 2

Horokos: Go there and fight him, while I prepare my spell

Professor: Don't make me regret asking you

Horokos: You are protected with metal, if he scratch me, I will be affected too

Page 14

Entire page is one Image

Professor on one side jumping to punch Mark, Mark doing the same on other side,
Horokos is behind Professor, casting spell.

=====

Page 15, Panel 1

Mark punches The Professor in the head.
Professor: Easy boy, I don't want to hurt you!

Page 15, Panel 2

Professor grabs Mark on his chest with one arm, and with another arm on his
waist, and lifts him in the air.

Page 15, Panel 3

The Professor throws Mark to the side.

Page 15, Panel 4

Horokos: Don't hurt him, he is not in control of himself!
Professor: I'm trying, but he is super-powered and super angry, it seems like he
doesn't like us being close to his girlfriend home.

Page 15, Panel 5

Werewolf jumped on The Professor.

Page 15, Panel 6

Werewolf is chewing Professor's hand.
Professor: Horokos buddy, these arms are expensive!

=====

Page 16, Panel 1 (large panel)

Horokos pointed his wand/staff at the werewolf and cast spell, the specter of
light hit werewolf and throws him to the side, away from The Professor.

Page 16, Panel 2

Horokos smiles at Professor while walking towards Werewolf.
Horokos: You could end up like an old wreck, why are that metallic arms there if
you don't use them properly.
Professor: Comedy isn't your strength buddy.
Horokos: Hold him tight this time, we have only one attempt to break his curse.

Page 16, Panel 3

View of werewolf's head, with Horokos' staff on it (Horokos is off-screen).
Horkos: Ipsa ostendit!

Page 16, Panel 4

Same as panel 3, just this time instead of a werewolf, Mark's head is in view.
***NOTE: Panel 3 and 4 are meant to be only two panels at the end of the page.

=====

Page 17, Panel 1

Horokos: Why did you hurt Susan?
Mark: It wasn't me, I tried to protect her, I swear!
Professor: Who made all that mess then, other werewolf?

Page 17, Panel 2

Mark: Yes, but I don't think we were his target.
Professor: This is getting more and more complicated!
Mark: He was running away from someone, from something.

Page 17, Panel 3

Horokos: Who? Who showed up, speak boy, you are wasting our time here
Mark: No one showed up, I swear! Werewolf pushed me to the side and ran away, I tried to help Susan, but I was changing, I couldn't stop it, so I ran away too... I am sorry!

Page 17, Panel 4

Professor: That is why the crime scene looked like the bear was there, the young werewolf was fighting with his transformation, if fully grown up werewolf tried to fight there, crime scene would be destroyed.

Page 17, Panel 5

Horokos: You believe him?
Professor: The scratches on his chest prove that if the werewolf tried to hurt him, the scratches would be deeper
Horokos: Scared or angry, Werewolf is a danger to this village, we need to find and stop him.
Professor: We need to save him, from whatever he was running away.

Page 17, Panel 6

Horokos: Make a phone call, call the chief, tell him we'll need a ride for the big werewolf.
Mark: What will happen to him?
Professor: Don't worry, we'll send him to a safe place where he can live with his species.

=====

Page 18, Panel 1

Portal opens in the middle of the woods.

Page 18, Panel 2

Professor and Horokos walks out of it.

Professor: Are you sure that this is the right location? I don't see why would werewolf hide here.

Horokos: I could sense him here when I healed Mark, I got a vision of him entering this forest.

Page 18, Panel 3

Werewolf is hurt on the ground in the background, Horokos and Professor have their back turned to werewolf and screen, Horokos noticed werewolf and has surprised facial expression.

Professor: Nope pal, you were wrong this time, it doesn't surprise me, you're in your second century, aren't you? But don't worry, most people I know are dead at your age.

Page 18, Panel 4

Horokos is running towards the werewolf.

Professor just noticed him.

Professor: Damn the full moon!

Page 18, Panel 5

Horokos is kneeling in front of Werewolf, he puts his hand on werewolf's chest.

Horokos: He's alive, but badly injured.

Professor (on the phone): I'm sending you our location, we need a medic team here as fast as possible!

Page 18, Panel 6

Professor finds a big gray feather on the ground.

Professor: What is this?

Horokos: Give me that, I can use it to see who did this.

Professor: Last time you did this, I almost lost you, I'm going in with you this time.

=====

Page 19, Panel 1

Professor and Horokos are standing in full black space, a giant wing is in front of the panel.

Off-screen voice (coming from a winged guy): You shouldn't be here!

Page 19, Panel 2

Horokos: Neither should you, but here we are, we all end up here at the end?

Professor: You know this guy?

Page 19, Panel 3

Ultrius (winged guy) is walking towards Horokos and Professor.

Professor: Stay back pal! I have metal fists and I'm not scared to use them

Horokos: He can't hurt us here!

Ultrius: I wouldn't hurt you anyways, I don't have a problem with you two, at least not for now.

Page 19, Panel 4

Ultrius stops in front of Horokos and Professor. We see Horokos's and Professor's back and Ultrius' front

Ultrius: But I heard so much about you two, I had to meet you, the magic student who turned bad then good again, but sold his soul to Infernal? and Professor who, because of the mistake he made, sacrificed his body to save his wife, too bad she died from cancer, all you wanted is to make her life longer, now you are cursed with eternal life in that body

Page 19, Panel 5

Professor: Say one more word and I swear I will find you and I'll rip your wings off.

Page 19, Panel 6

Horokos: You know that I can track you now?
Ultrius: I know, meeting you was a risk I was willing to take, but I made sure I didn't let you make things easy.

=====

Page 20, Panel 1

Ultrius: I put a silver coin next to werewolf's heart. Professor, you are the only one who can remove it and Horokos you are the only one can heal him in time.
Horokos: I see that you have studied our abilities.
Ultrius: Of course I did, but we're running out of time.

Page 20, Panel 2

Ultrius waves at Horokos and Professor while they are slowly disappearing.
Ultrius: Bye!

Page 20, Panel 3

Professor and Horokos are again next to Werewolf, a helicopter appears above the two of them.
Professor: We are saving him? Right?
Horokos: Yes, we are!
Page 20, Panel 4

Chief is in a helicopter, while Horokos and Professor are carrying werewolf in there.

Page 20, Panel 5

The Professor is talking to Chief, while Horokos is next to werewolf casting spell.
Chief: Where are we going?
Professor: To the hospital.
Horokos: Cum regeneratur!

=====

Page 21, Panel 1

Horokos is waiting in hospital in front of the operation room.

Page 21, Panel 2

The Professor walks out of the operation room, holding a silver coin in his hand.

Horokos: How is he?

Professor: Weak, broken and almost dead, I did what I could and removed this, but if we were just a few minutes late, he would be dead for sure, he needs you magic now.

Horokos: I'll do my best, but we need to talk, what the winged guy said.

Professor: He just said what I already knew, please don't pretend you care.

Page 21, Panel 3

Horokos didn't reply.

Professor: Look, pal, I just finished six hours-long surgery, I need to rest my brain and recharge my body!

Horokos: I understand.

Page 21, Panel 4

Professor puts his hand on Horokos shoulder.

Professor: I'm sorry about what I said, you are the only family I have left, now go there and help that wolfy.

Page 21, Panel 5

Horokos enters the room where the werewolf is, he is forming his staff.

=====

Page 22, Panel 1

Professor and Horokos enters their house. Professor has mail in his hand and he is on the phone.

Professor: Yes, Horokos said that he will be back on his feet in two days until then, give him the medication I prescribed.

Horokos: And let him be close to other werewolves, the feeling that he is near the pack of wolves will calm him down.

Professor: chief you heard him, that's all we could do, call us when you have your next job or when rats with golden eyes appear

Page 22, Panel 2

The Professor is looking at mail, while Horokos is sitting in his chair.

Professor: Electricity bill, cable bill, gas bill, who the hell is Cosmic Force, we will spend all our earnings just to pay the bills!

Horokos: At least we won't be in debt anymore, and throw away the letters we received, we do not accept any work now! We deserve a break!

Page 22, Panel 3

Professor: What about that winged guy? I didn't understand who is he or what he wanted, but I'm sure he is trouble.

Page 22, Panel 4

Professor took off his coat.

Horokos: There is no way to track him now, but I have a feeling we will meet again.

Professor: what he did was sick, he knew us from before.

Horokos: as you said, he didn't say anything we didn't already know, maybe he was trying to get in our head.

Page 22, Panel 5

Professor: I'm just glad we could save wolfy and those kids.

Horokos: About Mark...

Page 22, Panel 6

Mark is standing on a roof in his village in his werewolf form, with a smile on his face.
